Safety of Students – Safe Mode of Transport

Dear Parents,

Our children are our biggest treasure, and their safety is a responsibility we all share. No convenience or comfort can ever be more important than ensuring their safety and well-being. With this in mind, parents are requested to strictly note the following:

1. **No Scooties/Two-Wheelers:** Students are strictly not permitted to come to school on scooties or any two-wheelers. The school has always discouraged this practice and, therefore, no parking facility is provided for students' two-wheelers. **Students found parking their vehicles in nearby residential areas may face disciplinary action by the RWA**.

2. **No Private Vans**: Students should not commute by private vans, as these do not meet the prescribed school safety parameters. The RWA has also not permitted private vans to park in the residential area.

3. **Parental Vigilance**: Parents who still opt for private vans are strongly advised to conduct surprise checks and remain vigilant about the conduct of the private van drivers. **Instances of drivers exchanging cigarettes/smoking material with students have been noticed.**

4. **Responsibility**: The school has arranged a huge fleet of buses for students in almost all areas of Faridabad. Transportation arranged privately by parents is outside the school's control, and the school will hold no responsibility for incidents arising during private transportation.

We earnestly request your cooperation in putting **SAFETY BEFORE CONVENIENCE** and ensuring safe and authorised transportation for your wards.

DR. ANITA GAUTAM
