HM & A
SINCE 1968

Date: 02.12.2024

STRUCTURAL SAFETY CERTIFICATE (TO WHOM SO EVER IT MAY CONCERN)

Your Ref. DAVPS-14/FBD/ADMN/2024-25/ Dated 22.11.2024

A.

School Name : DAV Public School (Main Building)
Sector-14, Faridabad
Built up area : 9678.45 sq. mtr.
Date of Building Construction : August 1991
No. of Students : 2300

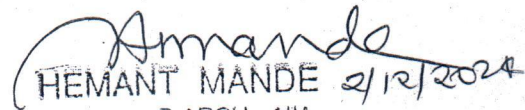

B.

School Name : DAV Public School (Primary Building)
Sector-14, Faridabad
Built up area : 5991.56 sq. mtr.
Date of Building Construction : June 1995
No. of Students : 2200

I visited your school on 28.11.2024 for visual inspection from ground floor to terrace floor level. There are no signs of settlement or failure cracks in existing buildings. Yearly inspection of all the buildings as per approved plans in their records should be mandatory because the nature surprises structures by way of torrential rains, storms, earthquakes etc.

However, at present buildings are well maintained and no visible defects / structural failure are observed.

This certificate is valid for 12 months from the date of issuance.
