CIRCULAR **WE CONNECT**

From Our Classrooms to Your Homes - with Care

“It takes a shared heart to truly understand a child.”

Every child who enters our school brings along a beautiful world of dreams, relationships, experiences and emotions. While teachers witness the child as a learner and friend for nearly six hours each day, the home holds another precious part of the child's story.

Beginning in September 2026, DAV Public School, Sector-14, Faridabad, introduces **“We Connect”** - a heartfelt endeavour through which teachers will visit students' homes after school hours at a mutually convenient time.

Just as parents come to school for Parent-Teacher Meetings, we now wish to step into your homes - not merely as teachers but as partners in your child's journey.

A glimpse into the child's home environment will help us understand their interests, routines, relationships, strengths, sensitivities and unspoken concerns. It will enable teachers to appreciate the child beyond grades, respond with greater empathy and offer support that feels personal, timely and reassuring.

These visits will create room for warm conversations, deepen mutual trust and help every child feel seen, heard and cherished.

“We Connect” is our promise to walk closer - with the family, for the child - because children flourish when home and school hold their hands together.

We sincerely hope that this initiative will be welcomed with open arms, open hearts and open minds as we take this meaningful step together for our children.

Warm regards

DR. ANITA GAUTAM
