CIRCULAR

Warm greetings,

At the outset we thank our parents who have not only unconditionally supported our teaching, administration and support staff community, who have been working tirelessly through this pandemic to ensure that your child's education continues uninterrupted but also motivated them with their very kind words, videos and messages of positive feedback. In order to assist you further the school has shifted to Microsoft Teams in addition to Zoom Classes & videos (through whatsapp) as per the need of students, parents & teachers.

The whole idea is to make teaching learning more effective and safe.

While we understand the difficult times that all of us are going through, we wish to clearly state that the objective of a school is to provide quality education to its students and to protect the wellbeing of its staff, both of which are being carried out earnestly and diligently at our School. In this hour of need we assure our parents that we will always stand by you and same is anticipated from you as well.

We reiterate what we have repeatedly stated that during the lockdown period:

- **School will be charging only Tuition Fee as per Session 2019-20.**
- **The excess payment whatsoever has been made will be adjusted in tuition fee only.**
- **No additional charges will be added in the current term. On the other hand the invoice excludes transport, annual and development charges.**
- **No late fee will be charged.**
- **The last date for payment is 15th of every month.**

The School works strictly as per government norms and directives, and no arbitrary decisions are ever taken by the School. It is hereby requested that our parents respect this policy and adhere to it. Support of each and every parent is solicited in these testing times.

Stay home. Stay safe.

Thanks and Regards
