 Director (P.S-III) DAVCMC

**Mr. Navdeep Chawla**  
 Vice Chairman, DAVPS, Sector-14, Faridabad

*Educates For Life*

- Instills vedic values
- Ignites latent talents
- Nurtures human skills
- Stirs national consciousness
- Inculcates techno vision
- Sensitizes towards social and environment concerns
- Infuses global outlook.

**The Vision**

**The Mission**

*A Relentless Quest*

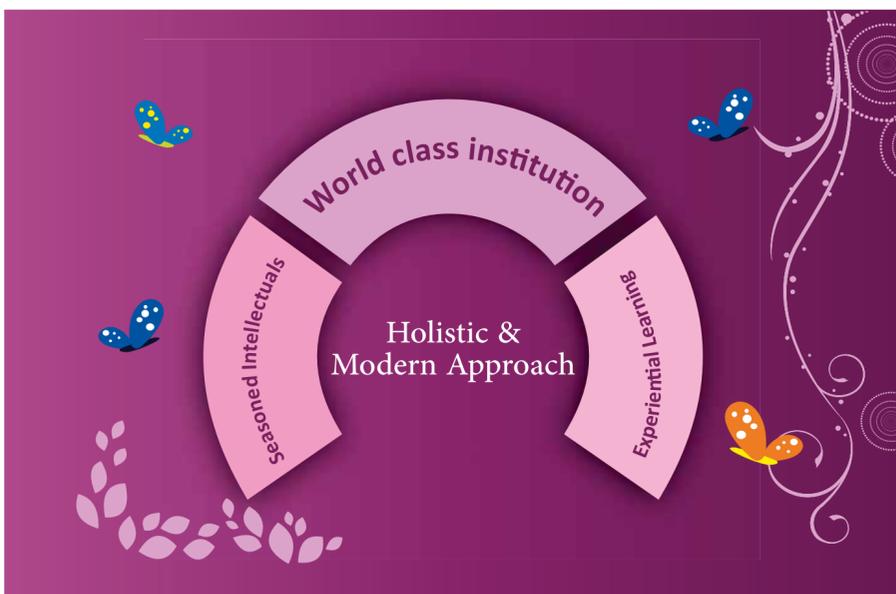

- To impart holistic education for a better tomorrow with the spiritualism of the Orient and pragmatism of the West;
- To groom individuals to be physically well-developed and energetic, morally upright, intellectually well informed, socially concerned, emotionally balanced and culturally conscious;
- To instill in young minds a sense of national pride and patriotism;
- To encourage them to develop rational perspective, clear vision, positive mind-set and self-esteem.

*Guided by the Divine*

**Future Geek Gurus**

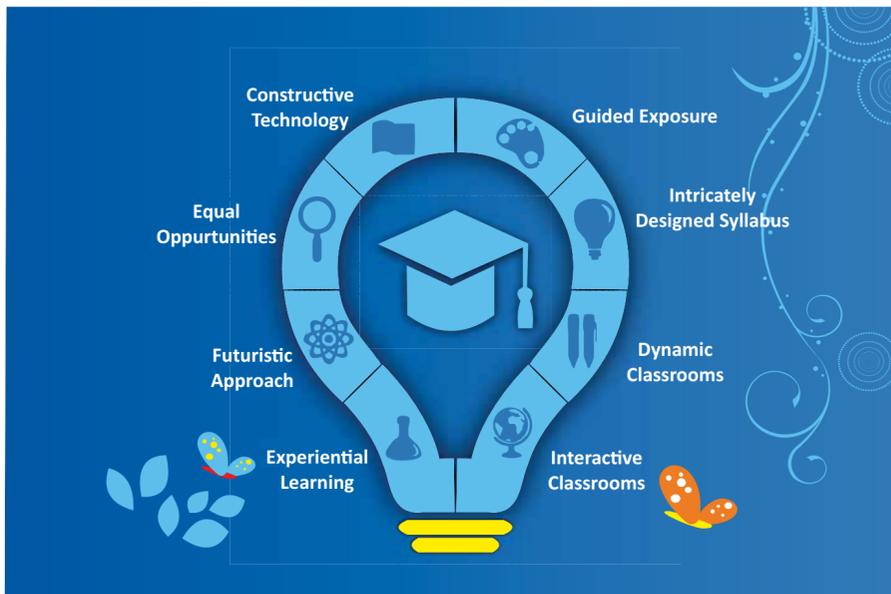

**Amalgamation of Tradition & Modernity**

DAV caters to the need for holistic development by incorporating an amalgamation of modern and progressive ideologies along with a robust value system into the curriculum. We ceaselessly pursue the preparation of conscientious citizens who are socially aware and morally upright. Innumerable activities, campaigns and clubs allow the students to lend expression to their creativity while infusing them with a sense of accomplishment. Persistent focus on developing skills and igniting curiosity renders it possible for the students to eventually carve a niche for themselves in the realm they choose to venture into.

# Gauging the Gen

Laboratories:  
Small Scientists Inventing Big

Laboratories:  
Small Scientists Inventing Big

In these times of innovations, we nurture scientific temperament among students in their formative years. Our fully equipped and suitably-designed laboratories for various subjects like **Physics, Chemistry, Biology, Geography & Home Science** provide exciting opportunities to experiment and learn.

We facilitate IT-enabled learning and make the very concept of 'show me and I understand' a reality.

ICT laboratories/multimedia labs play an enabling role in harnessing the use of technology for improving the learning outcomes for students. These also serve to create opportunities for latest styles of learning, and ways to create and collaborate on cutting-edge IT-backed paradigms.

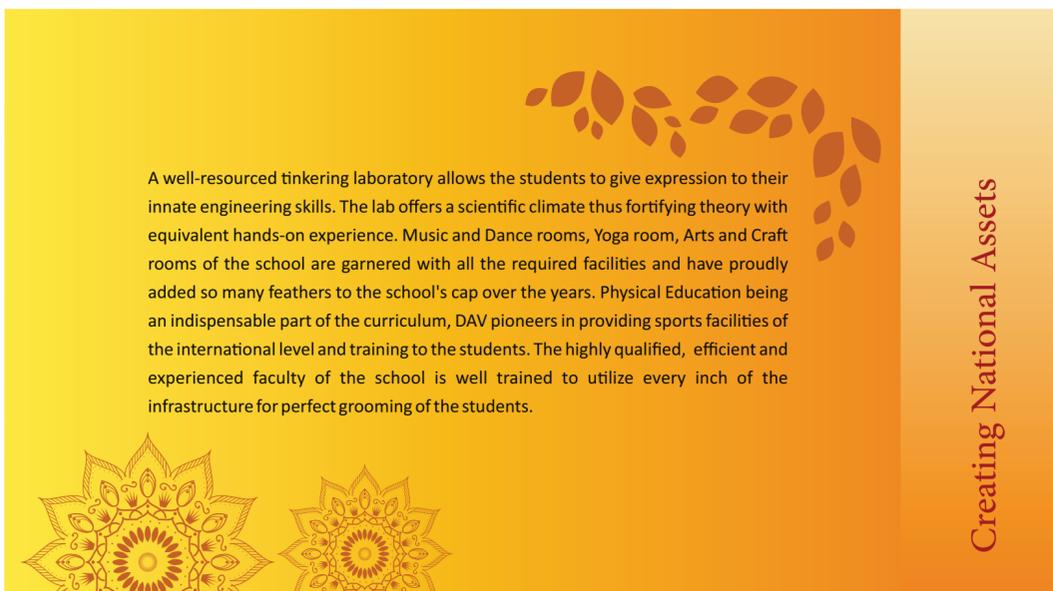

## Infrastructure : Building Aspirations & Enabling Success

### Creating National Assets

We continue to aspire towards upgrading and strengthening the infrastructure of the school to facilitate the conduct of effective teaching learning process. Consequently, all classrooms from Pre-Primary to Senior Secondary segment are equipped with state-of-the-art smart boards that lend flexibility and novelty to the classroom learning. Various well-equipped laboratories that supplement theoretical learning also provide the students with opportunities to discover and innovate, to internalize concepts and to cultivate analytical skills. As firm believers of the notion 'reading renews the mind', we have curated a well-stocked library for each segment. Each of these libraries is stocked with an array of books that caters to disparate dispositions, kindles interest in new ideas and stimulates the mind.

A well-resourced tinkering laboratory allows the students to give expression to their innate engineering skills. The lab offers a scientific climate thus fortifying theory with equivalent hands-on experience. Music and Dance rooms, Yoga room, Arts and Craft rooms of the school are garnered with all the required facilities and have proudly added so many feathers to the school's cap over the years. Physical Education being an indispensable part of the curriculum, DAV pioneers in providing sports facilities of the international level and training to the students. The highly qualified, efficient and experienced faculty of the school is well trained to utilize every inch of the infrastructure for perfect grooming of the students.

### Creating National Assets

## Laurels in Sports

*Learn not to churn but for the soul within to yearn.*

Shooting Range inaugurated by Hon'ble Dr Punam Suri, President DAVCMC & Shweta Chaudhary, Commonwealth & Asian Shooting Champion on 4th October 2021.

- Khushboo Saini - Represented India in skating

Volleyball, Basketball and Football Teams-DAV Zonal Overall Champions' Trophy

Laurels

Sports

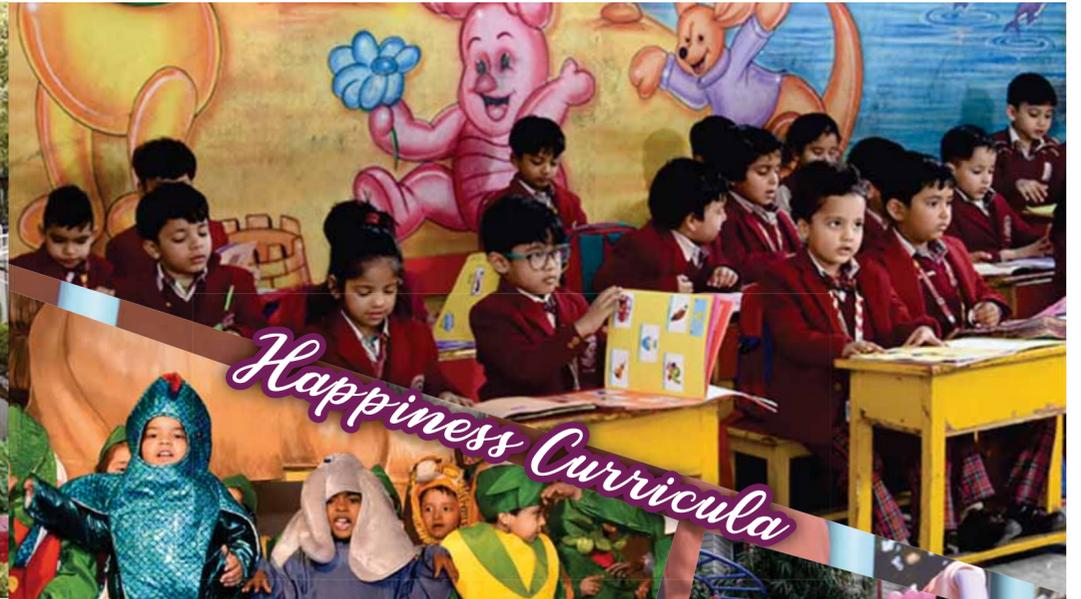

Beyond Classrooms - " Learn not to churn but for the soul within to yearn."

"The will to win, the desire to succeed, the urge to reach your full potential... are the keys that will unlock the door to personal excellence."

Our sports curriculum is planned and designed for students to develop and enhance skills like strength, speed, endurance and agility. We lay a strong emphasis on sports and physical development and expose our students to a number of sports events at inter-school, state, national and international level. A broad spectrum of individual and team sports is available to facilitate the students to pursue competence in sports. The school has fully equipped huge playgrounds in both Senior and Primary Buildings with Basketball Courts, Volleyball Court, Shooting Range, Skating Rink, Archery, Football, Handball and Cricket facilities and highly experienced and dedicated Sports teachers.

Catch them young, Give them wings to fly.

Learning as I play,  
playing as I learn

Learning as I play,  
playing as I learn

*"Child Centric Learning Milieu and Pedagogy"*

DAV provides an environment for the children to explore, experience and experiment. The primary segment endeavors at fostering in the children an ability to first test and later transcend their limits while also inculcating a habit of introspection in them. A child-centred curriculum replete with fun-packed activities allows us to groom self-assured individuals with sanguine outlook. The trailblazing learning process, a glorious scholastic record and strong commitment to empower, enthuse and excel have earned the institution a reliant name.

## A Journey Sublime

I express my sincere gratitude to Principal madam, and all the teachers of this school for working so hard in supporting my early development. Today I am able to build up confidence level and capability in my working arena with your proper guidance. I am thankful to be the part of school alumni and an excellent team of educational community in Faridabad. I highly recommend our school to set children's future at right time with all necessary help and career advice.

Dr. Vishal Khurana  
Senior Gastroenterologist, Faridabad

I am grateful to my alma-mater for imparting me with excellent education & social upbringing, along with required moral values and the qualities of self-discipline, hard work and honesty. Building upon the teachings for life received here, we stand proud today, as successful professionals & promising citizens of our motherland. I can't thank enough, our great institution and the Gurus, whom we idolize even today. Wishing DAV School, Sector-14, Faridabad, success & glory in times to come as well.

Col Vipul Singh Rajput

## Alumni Speak

## Parent Speak

Our daughter, Samriddhi's association with DAV Public School, Sector-14, Faridabad, goes back to 2017 when she joined as a tiny toddler. We certainly believe that DAV epitomises exemplary educational practices powered and propelled by a philosophy of education that is eclectic yet truly neoteric thereby imparting distinctive educational upbringing that facilitates the blossoming minds to thrive not only in intellectual capacities but to bloom in other dimensions too.

Mr. Probin Baruah

Raghvi Pathak, currently studying in grade - 3, has been fortunate to be associated with D.A.V. Public School, Sector-14, Faridabad. She is scaling new heights in multifarious domains as the school provides splendid exposure to the budding talents thereby nurturing the overall personality of the children in a holistic manner.

Mrs. Dolly Pathak
