

DAV PUBLIC SCHOOL, SECTOR-14, FARIDABAD
NAVDRISHTI 2026

An Open House of Learning, Discovery and Possibility

20.07 2026

Dear Parents,

Learning today reaches far beyond the covers of a textbook. It is questioned, built, argued over and shared, long before it is ever examined. At DAV Public School, we hold to a simple conviction: a child understands best what a child has lived. NavDrishti is where that conviction takes visible form.

It gives us great pleasure to invite you to **NAVDRISHTI 2026, our Annual Open House**, a day on which every classroom turns into a working laboratory of ideas and every child steps forward as the author of their own learning.

'NavDrishti' means a new way of seeing. It stands for an education in which heritage and innovation are not rivals but companions, where timeless values are examined afresh through technology, collaboration and experiential discovery.

As you walk through the campus, you will find classrooms recast as living galleries of thought: projects, experiments, models, role plays, mathematical inquiries, language activities, artistic ventures, coding demonstrations, exercises in financial literacy, environmental initiatives and explorations in life skills. Each exhibit has been conceived, built and presented by our students, guided by their Class Teachers.

We warmly encourage you to visit every classroom, converse with the students and honour their effort. For a child, a parent's attention is the truest applause.

Our Book Browsing Corner will remain open through the day, welcoming families to wander among books of every kind. Elsewhere, student-led interactive zones, interviews, public-speaking corners, young-entrepreneur stalls, science explorations, heritage displays and creative showcases will carry forward the day's spirit of joyful, purposeful learning.

DAV Public School's purpose extends well beyond the classroom. Through initiatives such as **Ek Mutthi Daan, health-awareness campaigns, blood donation drives, environmental drives and community outreach**, we continue to shape citizens who serve as readily as they learn. That spirit finds fresh expression today, through an initiative organised alongside NavDrishti.
